WORLD HEALTH DAY

Report

APRIL 7, 2022

MADHAV INSTITUTE OF TECHNOLOGY & SCIENCE GWALIOR

A Government Aided UGC Autonomous & NAAC Accredited Institute Affiliated to RGPV Bhopal

The commemorative day of **World Health Day** was celebrated in the institute on 07th April 2022. An expert talk session has been organized in the institute. Dr. Anirudh Bhushan, MD Neuropsychiatry, PGI Rohtak was invited to give talk about the importance of world health day, overall health meaning in the context of medical field, prevention, diagnosis, and treatment of mental, behavioral, and emotional disorders.

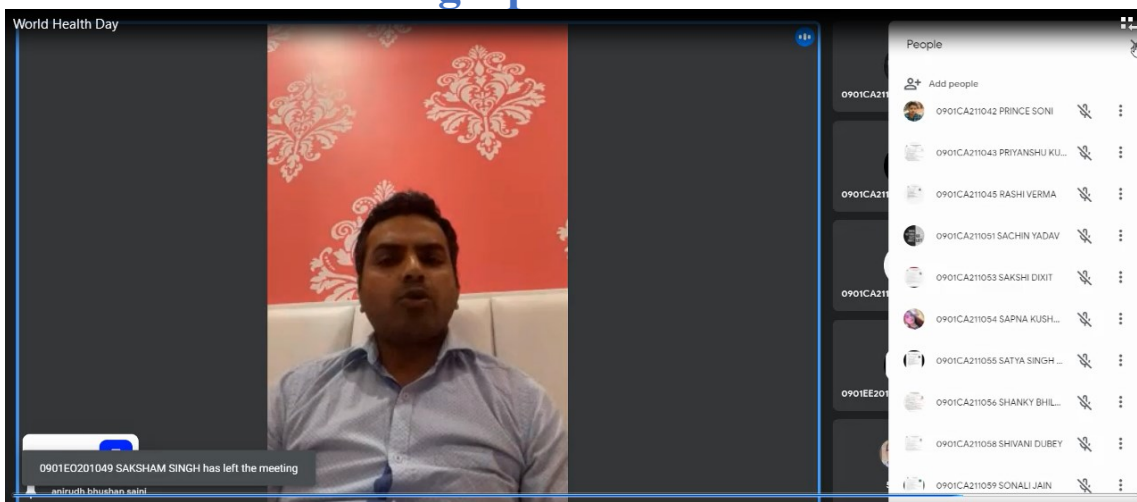

World Health Day is celebrated annually, and each year draws attention to a specific health topic of concern to people all over the world. The date of 7 April marks the anniversary of the founding of WHO in 1948. Each year for this date, a theme is chosen that highlights an area of priority concern for WHO. In the face of the current pandemic, a polluted planet, and an increasing incidence of diseases, the theme for World Health Day 2022 is **Our Planet, Our Health**. This call from PAHO, the WHO, and partners, presents a unique opportunity for a green and healthy recovery from the COVID-19 pandemic, that puts the health of individuals and the planet at the center of actions and fosters a movement to create societies focused on well-being.

This year's theme aims to **focus global attention on the overall well-being of our planet and the people living on it**. The theme for this year's World Health Day is "**Our Planet, Our Health**". Around 80 participants including faculty and students have attended the session.

Objectives

- To impart education about the prevention, diagnosis, and treatment of mental, behavioral, and emotional disorders.
- To create awareness of efforts for the **overall well-being of our planet and the people**.
- To raise awareness about the ongoing health issues that concern people across the world
